Independent Auditors' Report

To the Honorable Mayor and Members of the City Council:

We have audited the accompanying primary government financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Winterset, Iowa, as of and for the year ended June 30, 2004, which collectively comprise the City's basic financial statements listed in the table of contents. These primary government financial statements are the responsibility of the City of Winterset's management. Our responsibility is to express opinions on these primary government financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

As described in Note 1, these primary government financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate. Such legally separate entities are referred to as component units.

In our opinion, the primary government financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Winterset as of June 30, 2004, and the respective changes in cash basis financial position for the year then ended in conformity with the basis of accounting described in Note 1.

As described in Note 15, during the year ended June 30, 2004, the City adopted Governmental Accounting Standards Board Statement No. 34, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments</u>; Statement No. 37, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus</u>; Statement No. 38, <u>Certain Financial Statement Note Disclosures</u>; and Statement No. 41, <u>Budgetary Comparison Schedule – Perspective Differences</u>.

In accordance with <u>Government Auditing Standards</u>, we have also issued our reports dated November 17, 2004 on our consideration of the City of Winterset's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. Those reports are an integral part of an audit performed in accordance with

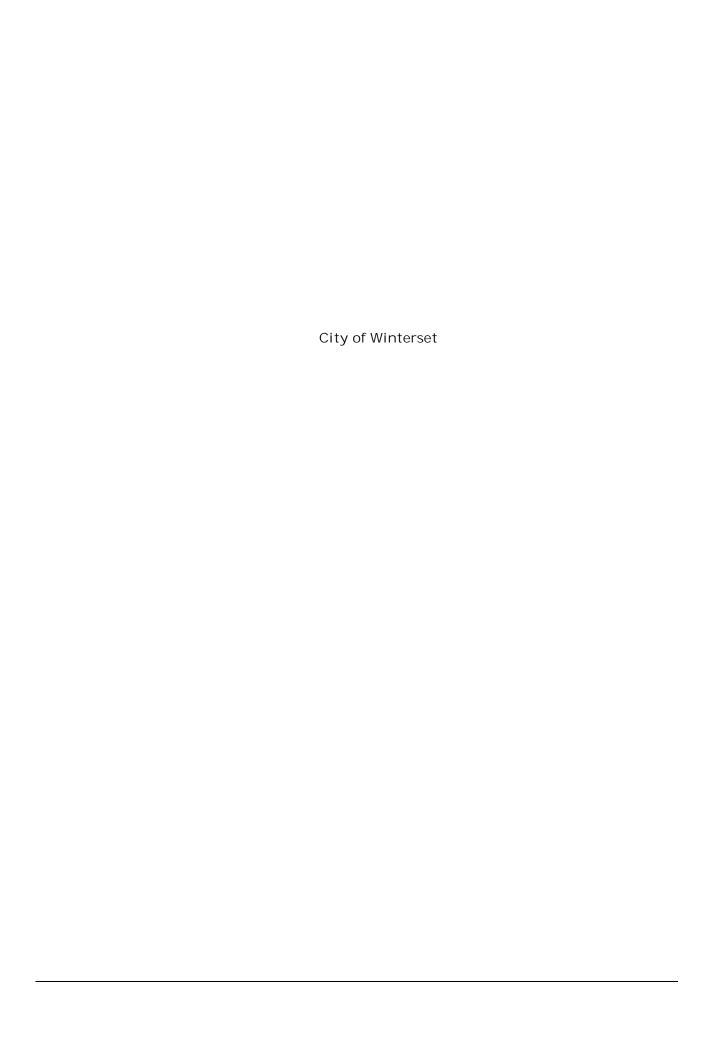

<u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

The City has not presented management's discussion and analysis which introduces the basic financial statements by presenting certain financial information as well as management's analytical insights on that information that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of the basic financial statements.

Budgetary comparison information on pages 25 through 26 is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the primary government financial statements that collectively comprise the City of Winterset's primary government financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the primary government financial statements for the three years ended June 30, 2003 (none of which are presented herein) and expressed unqualified opinions on those primary government financial statements. Other supplementary information included in Schedules 1 through 5, is presented for purposes of additional analysis and is not a required part of the primary government financial statements. Such information has been subjected to the auditing procedures applied in our audit of the primary government financial statements and, in our opinion, is fairly stated in all material respects in relation to the primary government financial statements taken as a whole.

Notes to Financial Statements

June 30, 2004

(1) Summary of Significant Accounting Policies

The City of Winterset is a political subdivision of the State of Iowa located in Madison County. It was first incorporated in 1854 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens, including public safety, public works, health and social services, culture and recreation, community and economic development, and general government services. The City also provides sewer service for its citizens.

A. Reporting Entity

For financial reporting purposes, the City of Winterset has included all funds, organizations, agencies, boards, commissions and authorities, except for its component unit, the Winterset Municipal Utilities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's primary government financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These primary government financial statements present the City of Winterset (the primary government) and exclude the component unit. The component unit discussed below is included in the City's reporting entity because of the significance of its operational or financial relationship with the City. It has not been included in these primary government financial statements which present the primary government only. Complete financial statements of the individual component unit, which issued separate financial statements as noted below, can be obtained from its administrative office.

Component Unit

The Winterset Municipal Utilities is a component unit of the City of Winterset and is not presented in these primary government financial statements. It is legally separate from the City, but is financially accountable to the City. The Utilities is governed by a three member Board appointed by the City Council and the Utilities' operating budget is subject to the approval of the City Council.

Jointly Governed Organizations

The City participates in a few jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commission: County Emergency Management Commission, Central Iowa Regional Transportation Planning Alliance Board, and the Fire Mutual Aid Executive Board.

The City also participates in a joint venture. The City has an official that is a member of the South Central Iowa Landfill Agency Board. The City has an ongoing financial responsibility. (See Note 9)

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Activities and Net Assets reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Statement of Activities and Net Assets presents the City's nonfiduciary net assets. Net assets are reported in two categories:

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the preceding category. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities and Net Assets demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and proprietary funds are aggregated and reported as nonmajor governmental and proprietary funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts not allocated by law or contractual agreement

to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Road Use Tax Fund is used to account for road construction and maintenance.

The Tax Increment Financing Fund is used to account for urban renewal projects financed by tax increment financing.

The Tax Increment Financing Reserve Fund is used to account for the reserve funds the City is required to maintain for the tax increment financing debt.

The Employee Benefits Fund is used to account for payments for employee benefits of those employees whose salary is paid from the General Fund or Road Use Tax Fund.

Debt Service:

The General Obligation Bonds/Notes Fund is used to account for the payment of interest and principal on the City's general long-term debt.

The City reports the following major proprietary fund:

The Sewer Fund accounts for the operation and maintenance of the City's waste water treatment and sanitary sewer system.

C. Measurement Focus and Basis of Accounting

The City of Winterset maintains its financial records on the basis of cash receipts and disbursements and the primary government financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the primary government financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. <u>Budgets and Budgetary Accounting</u>

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2004, disbursements exceeded the amounts budgeted in the community and economic development and business type activities functions.

(2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2004 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City's investments are categorized to give an indication of the level of risk assumed by the City at year end. The City's investments are all Category 1, which means the investments are insured or registered or the securities are held by the City or its agent in the City's name.

The City's investments at June 30, 2004 are as follows:

	Carrying	Fair
Туре	Amount	Value
U.S. government securities	\$2,361,258	2,352,298

(3) Bonds and Notes Payable

Annual debt service requirements to maturity for general obligation bonds and notes, sewer refunding notes, special assessment notes, urban renewal tax increment financing bonds, revenue notes, and state revolving loans are as follows:

The urban renewal tax increment financing revenue bonds were issued for the purpose of defraying a portion of the costs of carrying out an urban renewal project of the City. The bonds are payable solely from the income and proceeds of the Urban Renewal Tax Increment Fund and the taxes to be paid into the fund in accordance with Chapter 403.19 of the Code of Iowa. The proceeds of the urban renewal tax increment financing revenue bonds shall be expended only for purposes which are consistent with the plans of the City's urban renewal area. The bonds are not a general obligation of the City, however the debt is subject to the constitutional debt limitation of the City.

The resolutions providing for the issuance of the revenue notes include the following provisions:

- a) The notes will only be redeemed from the future earnings of the enterprise activity and the note holders hold a lien on the future earnings of the funds.
- b) Sufficient monthly transfers shall be made to the sewer revenue bond sinking account for the purpose of making the note principal and interest payments when due.
- c) Additional monthly reserve transfers of \$10,000 shall be made to a sewer system improvement account until a minimum of \$240,000 is accumulated. This account is restricted for the purpose of paying for deficiencies to the sinking

- accounts, payments of the note principal and interest and for any additional improvements or extensions.
- d) A sum of \$300,000 shall be set apart and put into a reserve account. Any deficiencies in the reserve account shall be reimbursed from the net operating revenues of the sewer fund after its required contributions to the sinking and improvement reserve accounts.

The resolutions providing for the issuance of the State Revolving Loans include the following provision:

Sufficient monthly transfers shall be made to the sewer revenue bond sinking account for the purpose of making loan principal and interest payments when due.

(4) Pension and Retirement Benefits

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the City is required to contribute 5.75% of annual covered payroll, except for police employees, in which case the percentages are 5.93% and 8.90%, respectively. For the year ended June 30, 2003, the contribution rates for police employees and the City were 6.04% and 9.07%, respectively, and for the year ended June 30, 2002, the contribution rates for police employees and the City were 6.20% and 9.29%, respectively. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2004, 2003 and 2002 were \$62,189, \$58,483 and \$59,830, respectively, equal to the required contributions for each year.

(5) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation, sick leave, compensatory and personal hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the City until used or paid. Sick leave is only paid out at retirement and is limited to twenty-five percent of the employees accrual. The City's approximate liability for earned compensated absences payable to employees at June 30, 2004, primarily relating to the General Fund, is as follows:

Type of Benefit	Amount
Vacation	\$ 59,103
Sick leave	51,370
Compensatory and personal time	4,347
Total	\$114,820

(6) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2004 is as follows:

Transfer to	Transfer from	P	Amount
General	Special Revenue:		
	Emergency Fund	\$	25,755
Special Revenue:	Special Revenue:		
TIF Reserve	Tax Increment Financing Debt Service:		22,000
Tax Increment Financing	Tax Increment Financing Bonds		2,535
			24,535
Debt Service:	General		31,638
General Obligation Bonds/Notes	Special Revenue: Tax Increment Financing Debt Service:		95,074
	Special Assessment Bonds/Notes		9,274
			135,986
Capital Projects:	Special Revenue:		
City Hall Project	Tax Increment Financing		7,890
Total		\$	194,166

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

(7) Related Party Transactions

The City had business transactions between the City and City officials totaling \$1,021 during the year ended June 30, 2004.

(8) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) South Central Iowa Landfill

The City, in conjunction with the City of Indianola and Madison County, has created the South Central Iowa Landfill Agency. The Agency was established for the primary purpose of providing for the collection and disposal of solid waste produced or generated by each participant. On dissolution of the corporation, the net assets of the Agency will be prorated among the municipalities. The Agency is governed by a board

composed of elected representatives of the governing body of each participating governmental jurisdiction.

The Agency may not be accumulating sufficient financial resources and the municipalities may be obligated for a proportionate share of the debt, therefore, the City has an ongoing financial obligation.

Completed financial statements for the Agency can be obtained from the Agency.

(10) Community Development Block Grant (CDBG)

On November 15, 2001, the City entered into a CDBG Program Economic Development Set-Aside Contract with the Iowa Department of Economic Development (IDED). The Program consists of two loans that were passed thru to Three D Industries, L.L.C. The first loan is a \$50,000 loan with an interest rate of 2%. The loan is to be repaid over a five year term. The second loan is a forgivable loan with 0% interest and a two year term. The second loan shall be forgiven upon satisfactory completion of the performance targets specified in the agreement.

(11) Deficit Fund Balances

The City had the following deficit balances at June 30, 2004:

Capital Projects Funds	Sidewalk Project	2,196
	Aquatic Center Project	1,000
	Paving Project	103,149
	Downtown Improvement Project	143.132

(12) Construction Commitment

The City has entered into a construction contract totaling \$951,092, none of which has been paid as of June 30, 2004.

(13) Litigation

The City is subject to pending litigation seeking damages of approximately \$3,000. The probability of loss if any, is undeterminable.

(14) Subsequent Events

In July 2004, the City issued \$1,150,000 in short-term warrants maturing in June 2005 for street improvements.

The City is also named as a defendant in a lawsuit filed on September 9, 2004. The case involves an arrest in which the plaintiff is alleging assault and battery, false arrest, negligence, and violation of civil rights. The case is still in the early stages and probability of loss if any, is undeterminable.

In November 2004, the City approved exercising a purchase option for land for the new aguatic center.

(15) Accounting Change and Restatements

Governmental Accounting Standards Board Statement No. 34, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments</u>; Statement No. 37, <u>Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus</u>; Statement No. 38, <u>Certain Financial Statement Note Disclosures</u>, and Statement No. 41, <u>Budgetary Comparison Schedule – Perspective Differences</u>, were implemented for the year ended June 30, 2004. The statements create new basic financial statements for reporting the City's financial activities. The financial statements now include a government-wide financial statement and fund financial statements which present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column.

Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2004

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon ten major classes of disbursements known as functions, not by fund or fund type. These ten functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, business type activities and non-program. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds and Proprietary Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment increased budgeted receipts and disbursements by \$18,000 and \$52,942, respectively. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2004, disbursements exceeded the amounts budgeted in the community and economic development and business type activities functions.

Disbursements exceeded the amount budgeted in the business type activities function because the City began paying the Winterset Municipal Utilities payroll during the year ended June 30, 2004. They were reimbursed in full by the Utilities, but this activity was not included in the budget. All of the activity is recorded in the Special Revenue, Utility Reimbursement Fund.

Disbursements exceeded the amount budgeted in the community and economic development function because disbursements of \$19,281 for economic development were budgeted for in the capital projects function.

Information Required by the 2003 Sewer Revenue Refunding Notes Resolution

Unaudited

Rate and Number of users of the System -

<u>User Charges</u> – The service charge for sewer is based on water consumed at a rate of \$3.55 per 100 cubic feet. There is a \$7.50 minimum charge.

Number of Users – The City has approximately 1,700 residential users and approximately 250 commercial and industrial users.

<u>Largest Users</u> – The largest sewer customers for the 2003-2004 year were as follows:

Customer	Cubic Feet Sold
Winterset Care Center North	774,200
Star Quality Care Center	611,500
Best Kar Inc. (East)	296,400
Winterset Elementary School	248,600
Winterset Care Center South	235,400
Best Kar Inc. (South)	137,000
Lou and Coe Erpelding	136,700
Super 8 Motel	121,800
Madison County Hospital	119,400
Winterset High School	105,900

<u>Independent Auditors' Report on Compliance</u> <u>and on Internal Control over Financial Reporting</u>

To the Honorable Mayor and Members of the City Council:

We have audited the financial statements of the City of Winterset, Iowa, as of and for the year ended June 30, 2004, and have issued our report thereon dated November 17, 2004. Our report expressed an unqualified opinion on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards, Chapter 11 of the Code of Iowa and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Winterset's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance that are described in Part III of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2004 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. Prior year statutory comments have been resolved except for items III-B-04, III-E-04, III-G-04, and III-J-04.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Winterset's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City of Winterset's ability to record, process, summarize and report financial data

consistent with the assertions of management in the financial statements. Reportable conditions are described in Part II of the accompanying Schedule of Findings.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item II-A-04 is a material weakness. Prior year reportable conditions have been resolved except for item II-A-04 and II-B-04.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Winterset and other parties to whom the City of Winterset may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Winterset during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

November 17, 2004 Ames, Iowa

Schedule of Findings

Year Ended June 30, 2004

Part I: Summary of the Independent Auditors' Results:

- (a) An unqualified opinion was issued on the financial statements which were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.
- (b) Reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements, including one material weakness.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.

Schedule of Findings

Year Ended June 30, 2004

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

II-A-04 <u>Segregation of Duties</u> – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that certain functions are not entirely segregated.

<u>Recommendation</u> – We realize segregation of duties is difficult with a limited number of office employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response – We will consider this.

<u>Conclusion</u> – Response acknowledged. The City should segregate duties to the extent possible with existing personnel and utilize administrative personnel to provide additional control through review of financial transactions and reports.

II-B-04 <u>Dual Signatures</u> – Although the City approved a resolution requiring dual signatures on all checks issued over \$10,000, we noted that the City did not use dual signatures as required.

<u>Recommendation</u> – The City should comply with their resolution and use dual signatures on all checks issued over \$10,000.

Response – We will do so.

Conclusion - Response accepted.

II-C-04 <u>Check Signers</u> – An authorized check signer was noted that is not a current employee or official.

<u>Recommendation</u> – The City should contact the bank to remove the individual from the list.

Response - We will do so.

Conclusion - Response accepted.

Schedule of Findings

Year Ended June 30, 2004

Part III: Other Findings Related to Statutory Reporting:

III-A-04 Official Depositories – The City's depository resolution does not distinctly name each depository and specify the maximum amount that may be kept on deposit at each depository as required by Chapter 12C.2 of the Code of Iowa.

<u>Recommendation</u> – The City should approve a new depository resolution that complies with Chapter 12C.2 of the Code of Iowa

Response – We will do so.

Conclusion - Response accepted.

III-B-04 Certified Budget – Disbursements during the year ended June 30, 2004 exceeded the amounts budgeted in the community and economic development and business type activities functions. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.

<u>Recommendation</u> – Although the budget was amended, budgeted disbursements should have been increased in sufficient amounts so that the budgeted disbursements would not have been exceeded.

<u>Response</u> – Disbursements exceeded the budgeted amount in the business type activities function because the City began paying the Winterset Municipal Utilities payroll during the year ended June 30, 2004. The Utilities reimbursed the City in full, but this activity was not included in the budget. All of the activity is recorded in the Special Revenue, Utility Reimbursement Fund.

Disbursements exceeded the amount budgeted in the community and economic development function because disbursements of \$19,281 for economic development were budgeted for in the capital projects function.

Conclusion – Response accepted.

III-C-04 <u>Questionable Disbursements</u> – Certain disbursements were noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented. The disbursements noted were for refreshments.

According to the opinion, it is possible for such disbursements to meet the test of serving a public purpose under certain circumstances, although such items will certainly be subject to a deserved close scrutiny. The line to be drawn between a proper and an improper purpose is very thin.

<u>Recommendation</u> – The Council should determine and document the public purpose served by these disbursements before authorizing any further

Schedule of Findings

Year Ended June 30, 2004

payments. If this practice is continued, the City should establish written policies and procedures, including the requirements for proper documentation.

Response – We will comply with this recommendation.

Conclusion - Response accepted.

- III-D-04 <u>Travel Expense</u> No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- III-E-04 <u>Business Transactions</u> Business transactions between the City and City officials or employees are detailed as follows:

Name, Title, and	Transaction	
Business Connection	Description	Amount
Mary Ann Orr, Council Member	Purchase of real estate	\$ 500
Montross Pharmacy, Co-owned by Mayor	Miscellaneous supplies	521

In accordance with Chapter 362.5(10) of the Code of Iowa, the transactions with the above individuals do not appear to represent a conflict of interest since total transactions with each individual were less than \$1,500 during the fiscal year.

- III-F-04 <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- III-G-04 <u>Council Minutes</u> Several transactions were found that we believe should have been approved in the Council minutes but were not. These included approval for sales of assets and approval of certain disbursements.

Council minutes were not properly signed in accordance with Chapter 380.7 of the Code of Iowa.

Although minutes of Council proceedings were published, they were not published within fifteen days as required by Chapter 372.13(6) of the Code of Iowa. Also, the minutes published did not include a summary of receipts as required by Chapter 372.13(6) of the Code of Iowa.

<u>Recommendation</u> – The City should comply with Chapter 380.7 of the Code of lowa and properly sign all minutes, as required. The City should also comply with Chapter 372.13(6) of the Code of lowa and publish minutes as required. The City should also approve all asset dispositions and disbursements.

Response – We will do so.

Conclusion - Response accepted.

III-H-04 Revenue Bonds and Notes – The City has complied with the revenue bond and note resolutions.

Schedule of Findings

Year Ended June 30, 2004

III-I-04 <u>Deposits and Investments</u> – The City has not updated their investment policy to comply with the provisions of Ch. 12B.10B of the Code of Iowa.

<u>Recommendation</u> – The City should adopt a new investment policy that meets the provisions of the Code of Iowa.

Response – We will do so.

<u>Conclusion</u> – Response accepted.

III-J-04 <u>Financial Condition</u> – The City had the following deficit balances at June 30, 2004:

Capital Projects Funds	Sidewalk Project	\$	2,196
	Aquatic Center Project		1,000
	Paving Project	1	03,149
	Downtown Improvement Project	1	43,132

<u>Recommendation</u> – The City should investigate alternatives to eliminate these deficits in order to return these funds to a sound financial position.

Response – We will do so.

<u>Conclusion</u> – Response accepted.
